

CANINE WELLNESS WORKSHOP WITH CINDY HARTZELL

- Does your dog suffer from stress and anxiety?
- Does your dog lack self-confidence?
- Does your dog have a chronic health issue?
- Do you desire to have a better relationship with your dog?

Reiki (Universal Life Force Energy) is the art and science of channeling the universal life force energy to promote spiritual, mental and physical healing. Reiki will help your dog to overcome all of these issues and so much more.

Cindy Hartzell is a Reiki Master/Teacher, aroma-therapist, an animal communicator and a veterinary technician. During this two day workshop students will receive Reiki level 1 training.

Everyone will have the opportunity to give and receive a Reiki session. We will learn about the seven major chakras and how they can be used during a Reiki session on your dogs to balance and promote healing in the entire body. We will learn about essential oils and their applications during a Reiki session. Cindy will also teach you how to explore and develop your intuitive communication abilities with dogs while giving a Reiki session. Everyone will do a Reiki session on a dog during the workshop.

Upon completion every participant will be a certified Reiki Level I Therapist, having gained the skills and confidence to do a Reiki session on dogs, humans, cats, horses and anything else, its uses are limitless.

Individual and groups workshops available at a cost of \$325 per person.

Inquire about participating in and or hosting a Cindy Hartzell Canine Wellness Workshop at your facility. Call for more information at (530) 386-3639 or email her at cyahart@yahoo.com. Check out her websites at: www.horseshelphumans.com or www.heartsoulcritttertalk.com
